Tayyab Aziz

Full-Stack Developer

About Me

"I am a passionate and motivated web designer with strong foundation in front-end development, proficient in HTML, CSS, and JavaScript/TypeScript. Experienced in creating responsive and modern user interfaces. Currently expanding skillset with Next.js and Tailwind CSS frameworks, while pursuing backend development through Python. Passionate about creating seamless user experiences and staying current with emerging web technologies.My goal is to continue growing as a full-stack developer, blending design and development to create seamless, user-friendly web applications. I'm always excited to explore new technologies and apply them to solve real-world challenges"
